

ISRAEL IN GOD'S PLAN

Sermon Summary – August 18, 2024

Two theological positions hinder Jewish outreach: dual covenant theology and replacement theology. God's covenants with Israel can be conditional or unconditional. His promises were fulfilled, are being fulfilled, or will be fulfilled in the end-time future. God's covenant with Abraham was unconditional (Genesis 12:1-4), and so was the Land promise (Gen. 15:18-21). Israel's restoration and return to the Land will be in stages (Ezekiel 37:1-14). Jesus' return will usher Israel's repentance and salvation, after the time of the gentiles is completed (Romans 11:25-26). God's calling on Israel is irrevocable! (Rom. 11:29). All believers are involved in God's plan for Israel!
