*Tim Bruneau*

## **Sermon Synopsis - January 26th 2025**

### **Amos 8:4-12**

The Prophet Amos predicted a time of famine regarding hearing the word of God. Though we may not recognize it, there is a spiritual famine in our day. As Christians may we take up the responsibility to be & speak the word of the LORD today. We pray that people receive the 'Bread of Life' (Jesus) they desperately need.
